I have been asked to write a recommendation letter for Julie based on my association with her starting in August 2006 when I began working at the Carl R. Darnall Army Medical Center Public Affairs & Marketing Office, Fort Hood, Texas.

Julie has deservedly earned the title as the "World's Greatest Graphic Artist" given to her by the leadership based on her work at CRDAMC. Not only do I review all her products and see firsthand the outstanding products she creates, I also receive numerous e-mails from our department chiefs and deputies on how happy they are with her amazing work.

I also witness this elation when customers come to our office and thank her in the biggest way.

She is very well organized as this is very important to meet the ongoing requirements of CRDAMC staffers with various requests and deadlines.

Her daily cheerful and positive demeanor is refreshing in a medical center setting beseeched by stress and increased workload during a time of war.

The decision to hire is simple in her case – she is the best! A review of her portfolio will bear this opinion to reality. With 28 years in the mass media field, I believe Julie ranks at the top in my book for creativity. Her only limitations are those placed upon her regarding software and hardware. Her thoughts and ideas are limitless.

If you need any more information, please contact me as I have also agreed to serve as a reference.
